

Book your massage via SportsNow

Credit Suisse offers employees at numerous sites the opportunity to receive massage treatments and other kinds of therapy from experts at their workplace.

The online booking platform SportsNow allows you to easily manage your massage appointments. You can book available massage therapists, cancel appointments, or join the waiting list at any time. To do so, you must create a SportsNow profile.

Detailed instructions on how to successfully book a massage can be found [HERE](#).

You can access and manage your account on various mobile devices, including using the free SportsNow app on your smartphone (available for both Android and iOS). We recommend that you use your personal email address to manage your bookings.

The services are offered at the following corporate conditions:

CHF 35 for 25 minutes or
CHF 70 for 50 minutes.

We hope that you have a relaxing massage!
